Advanced Problem Solving & Decision Making

Creative Problem Solving for Innovative Leadership

Analysis, Design & Leadership

07 - 11 Dec 2015  Kuala Lumpur  $4,950
01 - 05 Aug 2016  London  $4,950
05 - 09 Dec 2016  London  $4,950

WHY CHOOSE THIS COURSE?

This course offers a step by step journey from problem identification to solution generation and additionally to evaluate creative techniques that challenge more traditional models of “outcomes thinking”. It offers wide range of tools and techniques and insights into how leaders can inspire the creative process within themselves and their teams and the wider organisation. Delegates will leave energised and convinced of their creative potential. Decision making and problem solving represent the most important of all managerial and leadership activities; if you can make timely, well-considered and informed decisions, then you can lead your team and organisation to deserved success.

This course will feature:

- The psychology of personality and how this influences the solutions we select.
- The application of whole brain thinking to the problem solving process
- How to balance the logical and creative dimensions of problem solving
- Assessing personal creativity and challenge the mental blocks that limit our thinking
- How to build an agenda for creative leadership
CREATIVE PROBLEM SOLVING FOR INNOVATIVE LEADERSHIP

What are the Goals?

By the end of this course, participants will be able to:

- Determine pragmatic methods for effective problem solving
- Appreciate the impact of personality on the decision making and problem solving process
- Evaluate and apply a structured approach to generate solutions to organisational issues
- Assess personal and organisational creativity and set an agenda for progression
- Apply appropriate creative problem solving techniques that generate original solutions

Who is this Course for?

This course is suitable to a wide range of professionals or anyone wishing to improve their communication, interpersonal, problem solving and decision making skills. It will have specific appeal to:

- Leaders who seek to challenge the culture of their organisation and ignite innovation
- Team leaders interested in further developing their management skills and building collaborative practice
- Professionals wanting to further develop their management and leadership techniques
- Organisational leaders who make key business decisions
- New members of the management teams & anyone wishing to improve their communication, interpersonal, problem solving and decision making skills

How will this be Presented?

This course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. The emphasis is on experiential learning and applying theory in a practical way to foster good practice. All activities are focused on making an impact and improvement. The learning process is designed to accommodate all styles of learner: the activist, the reflector, the theorist and the pragmatist. Psychometric tools are employed to offer objective feedback on performance and utilise to target future areas of potential improvement.
